-517.00 Total general fair value in dollars:

Fair value data is correct as of the selected date¹

The data is for indication purposes only and does not reflect the customer's liability as shown in the bank's books*. The calculation of the value shown is an estimate only and is based on the mid-price. The mid-price is the average between the purchase price and the sale price and does not constitute a closing price. Please note that the value shown may change upon actual closing of the transaction.
